

## **Biography DJ Rocca™**

Like the « Take5 Club » in Switzerland, the « No Joke Club » gets its brilliant reputation from its House Music programming. Guest DJs like Victor Simonelli (Resident), Spen, Matthias Heilbronn, Bob Sinclar, Joe T. Vannelli, Sandy Rivera, Ricky Morrison & many others played there. It is, in fact, at the « No Joke » where the « lovestory » between Rocca and House Music sees light. It is in this same club where Rocca gets the chance to stand behind the decks for the first time and he will never thank Ueli « Le Gros » H. enough for having given him this opportunity! His sense of music has evolved towards more specific and more qualitative sounds thanks to the influence of national and international DJs such as Jamie Lewis, Louie Vega, DJ Gregory, Yass, Pete Tong's Essential Selection, Frank Roger, Luciano & his Cadenza Crew. These same sounds are the ones which give him the possibility to progress artistically and to present his music at the sides of people such as Copyright, Jamie Lewis, Eddie Thoneick, Simon Dunmore, Yass, Hector Romero, "Little" Louie Vega, David Morales & many others. Currently resident DJ at the Duo Club [www.2uo.ch](http://www.2uo.ch) in Switzerland and this since 2006, Rocca is also a full-fledged member of the ShadesAtNight collective since 2009 !
